Excellence is our Standard

AFJROTC Uniform Wear Policy / Contract

This contract is to be taken seriously. One of the things we teach in AFJROTC is being responsible. Without a doubt, at some point in time each student that enrolls in AFJROTC will sign a contract to purchase something or provide or receive a service of some sort. Surely every parent/guardian who signs this contract has already experienced the importance of a contract and abiding by the contract. For our part, the instructors will make sure each student is issued/loaned a uniform at no expense to the student or parent/guardian. We will ensure alterations are made if necessary at no expense to the student or parent/guardian. For the part of the student and their parent/guardian, they must wear the uniform properly the one day a week it is expected to be worn. The uniform must be kept cleaned and stored properly when not being worn. Lastly, the uniform must be returned when the student leaves AFJROTC or when directed by the instructors.

1. Uniform wear day is **Tuesday or Wednesday** and the maximum inspection grade is 100 points.
2. **If the cadet fails to wear the uniform three (3) times in a Quarter grading period, he/she will receive an "F" for the quarter.** This may result in not receiving academic credit. It may also result in being removed from AFJROTC and moved into a different class – probably Physical Education.
3. If a cadet has an excused absence on Tuesday and/or the following days, the uniform wear/inspection grade will be made up **on the next available school day.** Uniform makeups must be done by Friday. Make up time will be adjusted for excused absences.
4. To receive credit for uniform wear, a cadet must wear the uniform all day to all classes. That is, a full day for a full grade. The uniform can, of course, be removed for physical education and other classes that require special attire, but the uniform must be put back on after that class.
